Dear Examiner Colin:

Thank you for spending time with me this afternoon to discuss the claims in the above-mentioned patent application.

The attached set of proposed claims includes the changes we discussed. Please let us know if you find any errors. In addition to the changes we discussed, we propose amending claim 19 to correct an antecedent basis issue that you mentioned in an earlier office action. We propose amending claim 59 so that it is consistent with the changes to amended claim 58.

Thanks for your help. Please let us know whether we can be of further assistance.

Regards, Paul
